

NO GROUND FOR GOULD REPORT

So Says Financial America in Regard to Seaboard Affairs.

That there will be no change at this time in the presidency of the Seaboard Air Line Railway is predicted by Financial America, a New York publication, in its issue of yesterday. It is also predicted that if the present rate of earnings continues the preferred stock will be put on a dividend paying basis shortly after the beginning of the fiscal year. The announcement will probably come soon after July 1.

The article says: "One who is prominent in the management of the affairs of the Seaboard Air Line Railway says that to the best of his knowledge no change is to be made in the presidency of the company in the near future. As he understands it, no formal offer to J. C. Stuart, vice-president and general manager of the Erie Railroad Company, or to any one else."

"This interest," says also that although too much importance has been attached to the plan that has been practically consummated for the sale of the Seaboard stock held by the Cumberland corporation. The notes issued by that corporation fall due on June 15, and it was decided to sell the stock to secure the money to pay them off. A group of insiders, realizing the intrinsic value of the property and its rapid development, were glad to get the stock.

"As to reports that the road is on the market and is likely to change hands in the near future, this interest says that if an offer considerably above present market quotations were to be made, it would probably be considered by the inside interests, who will hold a very large amount of the stock when that deposited as collateral for the \$15,000,000 of the Cumberland corporation is released. Those who should be very well informed regarding Seaboard matters say that there is no ground for the report that Frank J. Gould is likely to secure a large stock-holding interest in the Seaboard, nor do they credit the reports that a well-known Wall Street interest will be an important factor in the management of the company in the near future."

"About six months ago it was persistently reported that the Seaboard directors would soon begin the payment of dividends on the preferred stock because of the recovery in weather during the winter months the earnings fell off considerably, and it was decided to postpone action until after the close of the fiscal year on June 30. If the earnings continue good after that date, it is not unlikely that a dividend will be declared some time within the six months beginning July 1."

IN POLICE COURT

Four Negroes Held for Grand Jury for Robbing Freight Car.

The case of Samuel Taylor, colored, accused of carrying a concealed weapon and resisting officers Latham and Willis was continued until Saturday.

NOT ON MEAT

Man Couldn't Regain Strength Until He Changed To Grape-Nuts.

It's a common joke to say "He eats so much it makes him poor to carry it around," when speaking of some thin, scrawny fellow who eats as much as a horse, but it is frequently true if the food is not the kind the body calls for.

A German woman of Chicago gives an instance in her own family. It's briefly told, but the truth is there: "My husband lost his left hand in an accident, and lost a large amount of blood. He kept getting weaker for five months, and finally got a severe cough. He would eat big meals of meat and potatoes to get well, but didn't get any good from them. Finally I persuaded him to try Grape-Nuts food, and from a skeleton of 83 pounds he soon regained his normal weight of 207 pounds, and is strong and well, and declares he wants no other food for the main part of his meals."

"As for myself, my flesh was flabby; I tired so easily and my memory was so poor I could keep nothing in my head, but after three months of the Grape-Nut diet I gained 12 pounds, my flesh is hard and firm, I am stronger and my memory has improved wonderfully. I keep a candy store, but I sell Grape-Nuts, too, for I think it is the best thing to give the children." Name given by Postum Co., Battle Creek, Mich.

Defense in Myrtle Hawkins Murder Case Receives Unexpected Blow.

Hendersonville, N. C., May 29.—Counsel for the defense in the Myrtle Hawkins case here to-day continued its efforts to show by various witnesses that the body found in Lake Osceola was not that of Myrtle Hawkins. James Edney, of Cranford, said he had known Myrtle from childhood, and was positive that the body could not have been that of the missing girl. Ed. Drake, A. F. Drake, his father, and A. C. Justice, all of this town, testified that they had known Myrtle from her life, and that the body was differently shaped, was older and heavier than the missing girl.

The proceedings this morning were somewhat enlivened by the collapse of Furman Howard, a witness for the defense, who proved an unexpectedly strong witness for the State when he stated that he had seen Mrs. Shaft at the Hendersonville station some time between September 1 and September 10. Following the persistent efforts of the attorneys for the defense to prove that Mrs. Shaft had not been in Hendersonville, the admission of the witness, which was an audible titter in the courtroom, to which the counsel for the defense strongly objected. Mrs. Shaft was taken ill at this point, and court immediately adjourned. The afternoon session was mostly devoted to efforts of counsel for the defense to impeach an audible titter in the courtroom, to which the counsel for the defense strongly objected. FRANKLIN ON STAND

He Enters into Details of Alleged Bribing of Juror.

Los Angeles, Cal., May 29.—Bert H. Franklin, former chief detective for the McNamara defense, entered into the details of the alleged bribery of George Lockwood, juror in the trial of Clarence S. Darrow.

The prosecution sought to connect Darrow with the alleged bribery of Lockwood, but Franklin repeatedly testified that he could remember no specific conversations with Darrow concerning Lockwood.

Franklin testified that he met Darrow at a local cafe, where the latter was dining with Lincoln Steffens, the magazine writer. At that time, he said, Darrow took from his pocket what purported to be a list of the ninth McNamara jury venire.

He called my attention to two names on the list," said Franklin, "and said that looks better than the other."

One of the names was Lockwood," said a witness. He was not asked the other. Darrow, he said, told him to take the list and compare it with his list of prospective jurors and get the names on the list," said Darrow, "and said that looks better than the other."

Roll Is Called of Confederate Soldiers of Warlike County.

The annual reunion of Confederate veterans at Warwick Courthouse took place on Monday. Veterans, Sons of Veterans, Daughters of the Confederacy and members of the Confederate clubs took part in the exercises. Major J. N. Stubbs, of Gloucester county, presided. Among the speakers were E. L. Montague, Rev. E. Pendleton Jones and H. S. George Tucker.

The roll of the Warwick county veterans was called by William C. Miner—the Warwick-Bauregard, Company H, Thirty-second Regiment, Virginia Infantry—and of the original company of about 200 men only ten answered "here."

Only three of the line officers of the regiment are now living, two of whom were present—Captains W. I. Bidgood and W. C. Miner. Colonel Joseph W. Bidgood, now secretary of Military Records of Virginia, was the last adjutant and only living member of the field staff. He was also present.

HEAVY DAMAGE IS DONE BY FIRE

Plant of Salisbury Evening Post Wiped Out by Flames.

Salisbury, N. C., May 29.—The Salisbury Evening Post, Jackson's Market, the Post job plant and several other places of business went up in flames early this morning, entailing a loss of \$75,000. The fire was discovered in the office of the State secretary of the Daughters of Liberty, and gained much headway, about 3:30 o'clock this morning, before the Salisbury Fire Department could reach the scene. The losses are placed as follows:

Building owned by H. C. Grubb, occupied by the Salisbury Evening Post, \$10,000.
Plant and machinery of Salisbury Post, \$15,000, with insurance of \$5,000.
J. H. Doub, job printing plant, \$4,500, with insurance of \$1,000.
Daughters of Liberty, office fixtures and supplies, \$600.
Bowman Cafe, damaged by water and smoke, \$500.
Movie's Club, damaged by water and smoke, \$500.
(The fire was one of the worst in Salisbury for ten years, and a number of business houses in the district had narrow escapes. The Branch Office of the Charlotte Observer, located near the scene of the fire, was endangered and the fixtures were removed from the building. The Spencer Fire Department responded to a call for assistance, but the fire was gotten under control before the firemen reached the scene. A feature of the fire, while not an unusual loss, which will work a serious inconvenience to Salisbury and Spencer for some days, was the burning of two large cables of the Southern Bell Telephone Company, putting out of commission 500 telephones, and books of the Salisbury Evening Post were entirely lost, and nothing was saved from other buildings. The officers of the Post set to work at once, and the Post appeared at the usual hour this afternoon, being produced in the office of the Spencer Crescent.

News of South Richmond

South Richmond Bureau, The Times-Dispatch, 1259 Hull Street, Phone Madison 178.

Cheer from his supposed safe position and bragging from his imminent from attack, Frank Bryant, a Forest Hill youth, late Tuesday night made mistake of his life by jerking at a crowd of Southside boys, and was crashed from a car at Tenth and Perry Streets. He was not injured in any way, but the blood-thirsty throng uttered by the out-captors led to a warrant for their arrest being sworn out yesterday morning.

The trouble, it is said, has been brewing for some time; in fact, since the Forest Hiller had started paying marked attention to a Southside maiden. Last night after taking her home from church he went to the corner, thinking the boys were filled with jealousy, he jumped the car and made some remarks which caused his barely escape. Four of the boys surrendered yesterday to the police and were recognized before Justice H. A. Maurice for appearance in the Police Court, Part 2.

Holiday to Be Observed.

Memorial Day on the Southside will be marked by the closing of the banks, business houses and many of the factories. The post-office will observe regular holiday hours. Many of the Southsiders will take the day to rest the efficiency of the blood-worms, which are said by the fishermen to be the only thing with which to catch the elusive rock fish. Among the parties to go out today is the entire force of the Postoffice. They have chartered a launch, and will spend the day on the water.

Building Nearing Completion.

With the brick and masonry work finished and the roof nearly completed, the employees of the Atlantic Coast Line are looking forward to a speedy occupancy of the new freight shed, which are being built immediately in the rear of the old frame building at Twenty-second and Hull Streets.

The building when finished will greatly increase the efficiency of the freight department of the company in South Richmond. The facilities for both receiving and delivering the freight will be doubled.

Clean Up in Suburb.

To-day Woodland Heights will be the spotless town, made clean by the concerted action of all residents, who, acting on the suggestion of the Citizens' League, yesterday cleaned up the premises, and have the trash ready for the wagons which will come around this morning.

The Citizens' League, not grasping at straw, has gone ahead and done the small things which make a town worth living in. They are now striving to have the Chesterfield and Supervisors provide lights for the crossings on Semmes Avenue rather than appoint a police officer, who will not be needed except on rare occasions.

Small Damage at Fire.

Fire, thought to have originated from a flying spark from the chimney, yesterday morning at 11:30 o'clock was discovered on the roof of the home of Zeb Austin between Sixth and Seventh streets on Hull. A general alarm brought Engine Company No. 13 to the scene, but without coupling on the hose the fire was extinguished with the chemicals. The damage will be less than \$1. The building was recently bought by W. J. Carter.

Bridge Company Moving.

The American Bridge Company, which for many years has had its plant located at Second and Hull Streets, is moving all material to Philadelphia. The company has had its offices located in Richmond and used the Hull Street location for its cars, cranes, derricks and other movable material. They have given employment to many Southsiders, and will be greatly missed.

Ball Team in Trouble.

With a disorganized team, the Burk & Company's of the Richmond League will play the Imperials this afternoon on the Spring Hill Park diamond. The Southside boys, although at the head of the league, have had disruption in the ranks, which has led to the resignation of Captain Nunnally, Pitcher Blass and Infielder DuVal, three of the headiest players on the team. Each has received his release, and will quickly sign up with another team.

C. & O. Bo's Fall to Appear.

The Southern Shops I. O. O. F. team is claiming a 2-0 victory over the Chesapeake and Ohio Shoppers because of the latter's failure to show up yesterday on the field of play at Spring Hill Park. The Southsiders, composed of many famous local amateur stars, had been so confident of victory that they had the grandstand filled with their best girls and other admirers.

Funeral of Mrs. Pankey.

The funeral of Mrs. S. C. Pankey, who died Monday afternoon, was held yesterday afternoon at 2:30 o'clock from the Tower-Wing Avenue Christian Church. The Rev. J. W. Long, pastor of the church, officiated. The burial was in Maury Cemetery.
